Maximum Heat Entry Grid

We are very excited about our energy filled day of dancing. And to make sure we give the best possible service and experience to each student and professional attending we have provided an outline of the total amount of heats available to make the day enjoyable and run as smooth as possible. Additional Heats will be allowed only on time/space availability.

Notes for the grid:

Column "A" is the total number of heats available for each dance that a teacher may enter.

Column "B" is the total number of heats you are dancing with your students
